Restaurant Services, Inc. (RSI) is an independent member-owned purchasing cooperative serving BURGER KING® restaurant owners in the United States.

RSI was founded in 1991 as the exclusive purchasing agent for the vast majority of products used by the U. S. BURGER KING system. Its primary purpose is to leverage the buying power of BURGER KING restaurants to achieve favorable contracts for food, packaging, premiums, promotion products, supplies, equipment, distribution and related services on behalf of more than 8,300 restaurants.

RSI's Board of Directors is comprised of BURGER KING franchisees, elected by region, one Burger King Corporation representative and one member appointed by the Minority Franchisee Association. The cooperative maintains a close working relationship with Burger King Corporation, with respective roles and responsibilities outlined in a formal Operating Agreement.

RSI works closely with restaurant owners, Burger King Corporation, food and packaging suppliers, marketing agencies, equipment vendors, distributors and information systems providers to streamline and improve the supply chain efficiency

FIG. 156

The figure consists of 12 sub-diagrams arranged in a 4x3 grid, labeled 'a' through 'l'. Each diagram shows a cross-section of a fluid flow with a central vortex tube. The diagrams illustrate the evolution of the vortex tube from an initial state (a) to a final state (l). The top row (a, b, c) shows the initial state with a uniform velocity profile. The second row (d, e, f) shows the development of a vortex tube. The third row (g, h, i) shows the vortex tube becoming more pronounced. The bottom row (j, k, l) shows the final state with a well-defined vortex tube and a uniform velocity profile. The diagrams are labeled with 'a' through 'l'.
